Henry was one of the kindest, funniest, happiest most joyful people I remember as a child. As one of my parents friends, it always impressed me even as a child how much he always included us kids when we were little, opening his families home for us to stay when we came to the city. He was one of my father's favorite people in the world. Henry was wonderful to our family when my father passed away 9 years ago. I just learned of your passing, Henry, I am I certain you are missed all over the NW by many people! Blessing to you in heaven and your loving beautiful family!! Colette Haverfield

I knew Henry well growing up in Venice, CA. He was always friendly with an infectious smile. We lost contact after he left California but he did come by for a visit several years ago. He will surely be missed and I send my condolences to his family

I attended High School with Henry in Venice California culminating in a June 1958 Graduation. I remember well Henry's intelligence and his ability to get along with others. Although it has been many years since we communicated, I am certain those two aspects of his personality persisted throughout his life span. To his family members, I offer you my sincere Condolences. My prayer is for your peace!
