Carlos O'Neal Beal

MAR 2, 1972 - FEB 3, 2018

Carlos O. Beal, 45, of Tacoma, passed away on February 3, 2018. Carlos was taken away from us way too early leaving a hole in our hearts. He loved life, family, and people in general. He had an undeniable young spirit.

He leaves behind his son, Calee, mother Maria, brother Marco, and nephew Jaren. Carlos was an avid sports fan and loved adventure. More recently, he developed an interest in cooking and trying different recipes. We laughed watching him in the kitchen. He will be remembered and loved by all of us and will remain in our hearts forever.

We will miss him.

I met Carlos in 7th grade in band and we grew as friends all the way through high school. We shared a friendship that I will always cherish. Although we traveled different paths, I never could have imagined that I wouldn't be able to see him again and see his smile. Rest in peace my friend.

Remember when I tried to steal Freda... I can still here you yelling "MAMA" in my head (lol) as you did so often... I mean you always told Maria on me and not just when we were kids but as adults too! In all fairness we made arguing a sport and we were good at it! Arguing or not and I say that with a fondness only you could understand, there has never been not one moment in the last 33 years I couldn't call on you for ANYTHING. I am so profoundly sad at the loss of our friendship and the years we should have left, into our 80s, still stubborn, still arguing and still having each other's backs like no one else ever can or will. I am sad for your Mother and your Son and your family and your friends but especially for Maria and Calee. Your greatest joy in life was becoming his father and the love of your entire life was being her son. I love you Carlos O'Neal Beal. I am so thankful to have had you in my life.

I met him in high school times and he was so handsome. We hung out a few times and he was always a gentleman. I also remember him being a great basketball player. So sad to hear of his passing. Prayers to his family. God bless.

Memory #3 At Hunt once you went to a dance you had to stay the whole time BUT we were 9th graders and it was close to the end of the year. The teachers stood in front of the door guarding them making sure nobody left. Carlos and James Ward nonchalantly mozied by the door and they BUSTED OUT. "too cool for a school dance"

Memory #2 At a Hunt Scottie summer going into 7th grade basketball camp me and Carlos challenged two white boys to a game of two on two Paul Larson and David Ashley busted us 3 games straight. All we did was argue the whole time in DISBELIEF
