I had the opportunity to be Dean's Caregiver , friend the last two years . We both felt it was to short . In that time we made some great memories together . We both wanted to try "dragon fruit ," didn't want to pay \$10 for one so Dean's has a way to get things for free , we tried it , neither one of us enjoyed the tasteless dragon fruit . T hank goodness it was free . Spending 5 days a week together , we had a lot of laughter together . I will hold onto our memories , treasure them . I miss you so much Dean , grateful you are no longer in discomfort . We will meet later in life. Much love , Jackie

Susan , your words touched my heart dearly . It was all my pleasure to be apart of Dean's life and I had told him I would be available for his two kids to help make things easier for them as they will have a lot to do . My pleasure to be available for them . I'm the blessed one that they wanted me to be apart of Dean's last few days . Never easy to loose a parent , Dean is greatly missed . He's in paradise right now , watching over all of us .
