Donna you were a good friend and a woman I admired so very much! Thank you for all the years that you continued to keep contact with me in spite of the fact I was no longer married to your son. When I needed advice for anything even as my children have been grown adults, I could always ask you for it. You never judged me or made me feel like bad about anything. You continued to make me feel like family even though you didn't have to. I love you! I am going to miss you a great deal. You were like a mother to me and for that I will always be grateful. I'm thankful for your love for my children and always remembering them on their birthdays and holidays. That meant a lot to them. I'm sure you are having a great time being together again with Ben and other family and friends who loved you and passed before you. To the Tompkins family, my heart is with you all at this time at the loss of your mother. She was truly a great woman. Love Robin
