Susan L. Beilke

JAN 30, 1945 - JUL 17, 2025

Susan (Sue) LaRae Beilke was born on January 30, 1945 in Tacoma, WA and passed away on the evening of July 17, 2025 in Puyallup, WA. Sue retired as a library technician at Tacoma Community College in 2010. She was an avid reader and a lifelong proponent of the library system. She was also an anglophile who loved the legend and rich history of the English royal family. Sue had a quick-witted, often sarcastic, and very silly sense of humor. Her humor brightened the day of all those who were lucky enough to know her. Susan will be missed dearly by her family and many friends.

She is survived by her sister Mary Minnis, her many nieces and nephews and their families, her son Scott and her grandson Zack. An informal memorial British tea will be thrown in her honor for close friends and family on August 17. Donations in Sue's honor can be made to the Pierce County Library System at

My first impression of Sue came when i first saw her desk in the back of the TCC Library. We were slotted to become "in-laws and we decided it was time for us to meet and made the arrangement ourselves. I approached her desk early and she had not arrived yet so she did not get to see my surprise at all of the "accessories" she had on top of and around her work space. It was an incredible tribute to "Tigger." She had everything from figurines, to posters, to a Pez case, note paper, pens, wrist bands, lanyard, etc. Lots and lots of it. It was really a sizeable collection that had to have taken years to acquire. Next, in the corner, she had a life sized cardboard cutout of Bill Clinton standing behind her chair. It was really something to take in; but the clincher was that she had a five by seven framed picture of my grandson on her desk! There were humorous sayings on the wall and lots more captivating paraphernalia to absorb. I knew then to expect a real character.

Oh my, which one to share? I have so many beautiful memories of you, Sue, and every one of them precious. We had the opportunity to go to Canada for the weekend, and Sue, my mom, and I went. We went to the Vancouver Aquarium where I was able to see a killer whale in real life for the first time. We also went to the Botanical Gardens and saw so many beautiful flowers and enjoyed lovely day walking around the park. But the funniest part of the memory is when we were trying to find things using a map (no cell phones back then!) and we quickly discovered I am no good at reading maps. It seemed like every time I was in charge of directions, I would regularly have to say, "Oh, whoops, we need to go THAT way!" pointing in the opposite direction we were going! She will be missed, I am so blessed to have known her!
