I am so very sorry for your loss, she was so very young. She was a very beautiful and strong little girl. This is Bonnie and Gary Fortin's daughter and I am sorry I didn't make it too the funeral but I just want you too know that you are all in my heart. She is in heaven now and she is GOD's little angel. GOD BLESS##imported-begin##Pam Borgos##imported-end##

My sincerest sympathy to Stefanee's family and friends. I had the pleasure of knowing Stefanee at James Sales Elementary School. I was reading with her when she was in Mrs. Miller's class. I will always remember and cherish Stefanee's sweet ways, her kindness, and her wonderful smile. These will live in my heart and soul forever. Desa and Kyle, Just a quick note to let you know how deep my heart goes out to you. I am so thankful the Lord led us back to each other. I will always hold the times spent with you and Stef as very special and dear. I will laugh at the fun times and mourn the sad... as I use the word "I"... that goes for Erin too. Like when the girls were playing footsies under the table at the hospital... and how Erin so loved to go and visit... and how she held Stefs hand on thier last Friday night visit and told her "my hand will always be in your hand", with such gentleness and love. I thank you for sharing and letting me be there with you! I will never forget your courage, strength, devotion, and LOVE you gave to your children thru a time that most people would crack. My heart has a ache for you and yours at this time of great loss. Remember we will always be there for you... no matter what. Love, Michele###imported-begin###Michele Cross###imported-end###

Words cannot express our sadness to Stefanee's family. Steve, Crystal and I will miss her coming over to play. She, KJ and Crystal played so well together. I was always so impressed with her good manners and how she would always check in to let you know where she was and would always say before hanging up, "I love you" to whoever of you answered the phone. Our thoughts are with you.##imported-begin##Pat Goings##imported-end##
