Dearest Bev, although I only knew you for a short while, I felt as though I had known you for years. You made me feel so welcomed and loved from the moment we met. I will never forget your warm smile and the day I walked into your house for the first time and your words.."Just give me a hug". I am sad that I didn't get to spend more time with you than I did but I will forever hold you in my heart. My love and sympathy goes out to all of your family and friends for I know they love you dearly as I do in such the short time we had together. I will always be by your brothers side...you can be assured of that. Love you Bev!###imported-begin##Pam Unruh###imported-end##

Hello Sweetheart, Just stopped by to say hi, and to let you know I have nearly completed our last to-do list. Oh, by the way... you were correct! Those closest... heard, but did not listen. Moreover, even after you showed them, did not see. Your capacity to love unconditionally, created by your compassionate nature and ability to forgive, regardless of and in-spite-of any and all adversity, will remain at the core of your legacy. Your voice recordings have been archived and will be added to the closing of your book we started. It is time for me to complete our to-do list. Before going, I want to express my deepest appreciation for the loving care you devoted to preserving our history, past and present. Now you soar above the EAGLES that once watched over you, and sparkle brighter than the DIAMONDS we recently exchanged with our vows. Our collective memories of the last 22 years will keep me strong in the days and years to come until we are once again able to continue our journey, together. So, until later dear... With all my eternal love and admiration.##imported-begin##Don Hagedorn##imported-end##

I will always remember the twinkle that you would get in your eyes right before you'd say something brilliant, or something you thought was brilliant, and then you'd just burst into laughter!What joy you brought to me and those around you. I will truly miss your smile and the sound of your laughter. Prayfully you have found peace. Be Blessed.Candy##imported-begin##Candy##imported-end##

My younger brother called me on Guam to tell me about you Bev. All I could do was think of all the good and bad times we shared together. Remember when we rang the fire alarm at Stadium and ran to Wright's Park to watch the fire trucks come? Or when you would dress me and straighten out my tie so I could go out on a date? Or all those dances we went to? These memories are as endless as my love for you. I will miss you and one day see you again. I am Bev's foster sister, she was with our family for oh, so many years. She started as a student of my mother's Melba Johnson at Jason Lee. She lived with us up until she was probably 19ish-20ish. I never had a sister, I have 4 brothers, when they brought her home I was alittle upset, but I got over it and we became great friends and sisters. This is quite a shock to me, I read it in the paper on Thursday at a doctor appt. Started crying, I know that she is up there with "our" parents-Melba & James. All the rest of us will truly miss her. My brothers Michael, Mitchell, Mark & Jimmy Johnson. God love you Bev, as we did. Sandra Johnson-Poole.###imported-begin##Sandra Johnson-Poole###imported-end##

I want to thank you for being a part of my childhood, my teenage years and even part of my adulthood. I am so happy that you were here to see my legacy, my daughter Keileigh. I know that if you seen her today, you would say " She is JUST like you Angel. You are going to have your hands full like your father, your mom and myself did. Good luck." I have to agree with my sister, I wouldn't have asked for any other stepmom. I love you and will miss you always.
