My mother was the best mother in the world. I will miss her so much. I remember when i was little before she would put me in bed for school we would always say this saying back and forth it went... I love you, I love forever, I love you forever and ever, I love you forever and ever and always, goodnight, and she would repeat every verse I said. we kept adding on to it for years then we quit cause we couldn't think of anything else to add. we are going to miss you very much mom, and you will forever be in my heart and dreams. Carita was a wonderful, loving and caring aunt. I never called her by her regular name. I always called her Aunt Teet. She always reminded me that I was loved by her and treated me like I was one of her own kids. One thing I can remember is the water wars at the ocean. She really loved those and it will never be the same without her.##imported-begin##Ami Butler##imported-end##

My deepest sympathy to Carita's family. I have known Carita for 16 years. She was a great lady and loved her family so much. She treated my Granddaughter like one of her own, and I will miss her cheery hello and wave when she would visit next door. God has acquired a beautiful angel.##imported-begin##Diane Horst##imported-end##

Carita what can I say, she was and still is a sister that I wouldn't trade in for the world. We had our brother and sister problems once in awhile, but we always worked it out. We will all miss her so dearly at any family gatherings, but she'll be there in spirit. WE all will never forget how peaceful and strong she was in the hospital at the end and how she made sure we knew that she was going to a happier place and that she was alright, she comforted and reassured us. That was the way she always was when it came to family and friends, She will be deeply missed by one and all. Sis you will always have a big chunk of my heart. Until we are together again. With all my love sis, sing me a song, your brother.##imported-begin##Ace##imported-end##

I worked and was friends with Carita for 6 years. We often ate lunch together and talked about our family and friends. Every time she mentioned her granddaughter, she would light up. Carita was kind to every one. I always looked up to her as she was a single mother and did a great job. I will miss her forever. My thoughts and prayers are with her family.##imported-begin##Lori Ronish##imported-end##

I worked with Carita for 6 years and feel very blessed and to have known her. Over the past year we shared a lot of things with each other. She talked a lot about her family. When she talked about her granddaughter Nevaeh, she always smiled and she got so excited when she knew she was going to see her. She also told me often how proud she was of her two children. I was born on October 10, 1960 and I always teased Carita on her birthday that she was now older than I was (even if it was for only 2 days). It was something that she knew to expect every year from me. I will miss Carita but know that I will see her again someday. My thoughts and prayers are with her family. If there is anything I can do, please ask. Always, Tani Dehnert##imported-begin##Tani Dehnert##imported-end##

I remember how kind Carita was and how well she got along with the young adults who had her as a lead at Medical Billing including my son A.J. When he left Medical Billing for other employment she would always ask about him, and on occasion when A.J. came to pick me up from work, she would chat with him while waiting for me to come out to the car. A.J. cared for her as much as she did him. I remember exchanging notes on our hysterectomies. Carita had hers first, and I remember asking her a lot of questions before my surgery. When the Aging Dept at work signed a get well card for me, there was Carita's note along with the rest even though we were not in the same dept. I was touched by her compassion and will miss her deeply. Our deepest sympathies & prayers for the family & friends of Carita. Wendy & A.J. Rivera##imported-begin##Wendy & A.J.
