Stan was a mans' man, a pilots' pilot, a commanders' commander and a "good shit" - the highest compliment we can pay in fighter pilot language. We were all enlarged by having knwon and served with him. We will miss him - until we meet again in heaven, or wherever...##imported-begin##Don Shepperd, Misty 34##imported-end##

I flew with Misty when Stan was commander - and I never saw a better one. He knew the flying game and even better, he knew how to lead. He was a professional and a gentleman; we followed him with pleasure. I will always remember Col Stopcock.##imported-begin##Brian Williams##imported-end##

Stan was the Misty Commander for most of my tour in 1968, He was simply the Best of the Leaders I have known-a true gentleman, but always at the top of his game as the ultimate Fighter Pilot. I treasure the time I served under him-he was a great mentor. My prayers are with his family-he was a treasure that will not be seen again. FTK (Misty 61)##imported-begin##Frank T. I was the flight surgeon for MISTY when Stan was commander in 1968. In all these years I never forgot him. He had a quiet strength about him that give you confidence and made me want to emulate him.
