I have corresponded with Beverly since my mother Margaretha Freiss who was her mother,s sister, passed away in 2004. She was a marvelous person and will be missed. Enjoyed both her notes as well as our phone calls and her love for Rudy. Hope they have both found good homes. Our prayers will remain with you and they family. Would enjoy corresponding with the family and finding out what happened in her last days.##imported-begin##Dona Freiss Rickel##imported-end##

My dear friend Bev, your friendship the last 29 years has meant the world to me. You have helped make me the person I am today. I will think of you on bright sunny days (you were always happier when the sun was shining), when I see red flowers (your favorite color), eat crabcakes (my husband made them for you for dinner) or creme brulee (our favorite desert). I saw two birds flying side by side on Monday and knew that you and Orv were united again. The only true "soul mates". I know you are at peace. I love you.
