“ Have you ever had a good friend? Or better yet have you ever been alone, desolate, or just down on your Luck? Have you ever been backed into a deep dark corner in the world we live in because of its evils and lack of compassion ? Were you alone or scared? Just maybe really needed someone to listen ?Or someone to talk to? Maybe even when you are not able to even listen or talk to yourself?

“ John, you were such an amazing example of a human being. You were so loving and welcoming.

The second we found out that you were medically in trouble myself, Tabby and B were pretty much beating down the doors to the Auburn hospital.

I remember the last time we saw each other and the giggle that we both got because I was being introduced to you. You said my actual first name vs the nickname you were given and it dropped jaws. Haha

I remember the huge hug and kiss on the cheek from you and the huge hug when I was leaving your house. You've been my family for 30+ years and I truly hope that your memory will leave a smile on everyone's face.

I love you John. Keep an eye on us. We need it.
