“ I will forever love and miss you. You were always there for myself and my family. You made all the good times the best. And you were right there to comfort us through all the bad. It's going to be hard here without you. But you have been so incredibly sad since Dave gained his angle wings. Tomorrow on his birthday you will celebrate in heaven with him. You are together forever now and although my heart breaks for Kenny. Eddie. Terri, your grandchildren, Great grandchildren and all the rest of your family and friends. I know you are finally at peace and no longer suffering. As I write this I picture you,Dave, grandpa Eddie and grandma Juanie all together happy, healthy, smiling and watching over us all. So even though I can't see you, I still feel your love and I know that someday I will see you all again. Until then I pray for the strength your loved ones will need to get through their time of grief here without you. And that they find comfort knowing that you now have been born unto heaven and will live forever with our lord and your family that you have so deeply missed.
