*Rest in peace my dear friend. I regret that we didn't get together often in these last years, but we both were aware the other one had us in prayers and thought of each other often. You were such a caring person and it kept you busy! I will cherish forever the last time we saw each other, when I picked you up, brought you to our house for lunch and lots of visiting, just the two of us, we shared a lot of fun memories and some sad times. I love you Gina, and am sure Jesus is caring for you now..we will meet again ❤️ ❤️*
