“ He was one of the nicest men I've ever known. Always smiling, he never complained once about work. He spoke often of his family and how much he cared about them. He gave everything he had to ensure their happiness and well being, always thinking of others before himself. Always. As his family, please know he was loved and respected by everyone at work. I feel honored for having known him.

“ I've known Ron's wife Nancy since grade school and have just recently reconnected with her. I did not know Ron, but the couple of times that I have seen him with Nancy, he had such a sweet, quiet spirit about him. Nancy and family, my heart is so saddened for your unexpected loss, but I praise God knowing that you and he knew where his next home would be. God bless you all as you move forward.

“ We are heart broken to hear about the passing of one of the finest people we ever had the pleasure to work with at US Oil. Everyone in operations remembers his fantastic work ethic and his ability to get any job done safely, quickly, and complete every time, but the thing we remember most was, how pleasant he always was.

I would always thank Ron for doing a great job, and he was almost embarrassed for the compliment and would always say back "no thank you." I don't know what he was always thanking me back for, because that man could clean up almost anything with his vacuum truck. I loved it when he would show up to do a job, because I knew it would be done right. I have missed him at work but I am so happy he got to retire and spend time with his family.

We were all better for having known Ron and he will be missed by all of us at US Oil.
