“ I will always cherish the memories of uncle making fun of me saying "whateverrrr" and calling me the energizer bunny. And my calling him occasionally to find out how he would cook something. Memories, I will hold in tightly to.

“ Hola Mi Poppito
I want to thank you for being the most phenomenal Daddy in existence. I could not have had a better Daddy who was more in tune with me if I had created you myself. You provided for me, loved me and maybe a tiny bit, spoiled me. You were always there when I needed you and I knew you loved me more than life. Thank you for letting me always feel that. I know you always felt how much I adored you and I will miss our banter and teasing back and forth. I've no clue how to walk forward from here without you. I will stand tall and be strong, as I know you expect that from me; I am lost without you though. This realm will be a little dimmer with you gone. I pray your wings carry you far and beyond and that you thoroughly enjoy the company of your Momma and Loved ones in Heaven. Forehead Kisses forever My Daddy. I Love You.

My deepest condolences on the passing of Mr. Trujillo. I remember you both as devoted parents during my time as secretary at Idlewild. May your memories help bring you comfort. We are so lucky to have our Lord to help us through this time.

“ Goodness our dear Brother there are so many wonderful memories your love and kindness always shined. So grateful we were able to spend quality time when you made your last trip to Colorado, with you my Sis and your wonderful Family and the wonderful visit at your home just months ago always having my coffee ready when I got up your beautiful smile and good morning greeting. Our Lord has called you home but the great memories will go on in all of our hearts forever.. You will be missed our Love goes out to the kind great family you've left behind, and now may they continue to shine as an example that their great dad has taught them. We Love you all and may our wonderful Lord give you all strength through these sad times to lean on each other and the wonderful memories fill the void

“ To my dearest friend and loving neighbor Tom, I want to say thank you for all of your support over the years. We worked on some big projects together and no matter what it was you always were there to help. I always knew to look outside on a sunny day to see if your shed was open and I knew I could always go out and chat about life and see how things were going. You taught me the importance of being a good father and how your children come first. You watched both my daughters grow up and were a major influence on them as you were always there for them. We are so blessed to have you and your family in our lives. God Bless you Tom. We love you!!
