“ Terese, I am so thankful to have called you friend. You were always happy to offer advice when I reached out to you...guiding me and telling me everything will work out.

Thankful for all the times we shared together with friends and family, laughing, storytelling, dancing...lots of good times.

I know family meant everything to you and how proud you were of Mikey and Davey. You all are so special to us.

I remember our last conversation. You told me you missed Dave and that he was the love of your life. So it is with that that I find comfort. That you are with Dave, in his arms and at peace. May God Bless you both. Thank you for everything.

Love you.

“ Terese you will be missed, the family that you and Dave have created are an example of the love, kindness and joy that you have shared with many of us. We became friends with you and Dave over 30 years ago and you both had already been married more years than Pete and I, with your experience you had shared some wisdom about your marriage which helped me in understanding what it meant to share your life with someone. My fond memories were of us having good times, softball, BBQ's, New Years parties, baptisms, going out dancing and breakfast afterwards. I will always remember you wearing your red lipstick and always having perfect hair and makeup. I also see you saying "Oh David" and rolling your eyes when Dave would say something so typical of his sense of humor. We will keep you and Dave close to our hearts and it brings comfort to me knowing that you are with each other. Love you Mali'
